7 July 2022

Dear Sir

Fleur de Lys (WA/2022/01711) - Objection

The Haslemere Society wishes to object to the above listed building application for the reasons set out below.

1. The proposed extension would visually shield part of the rear elevation of the 1600-1650 and 1700-1750 phases of the building. If an extension is to be undertaken it would be best located off one of the elevations of the 1900 extension only. Extending off the rear elevation of the 1900 extension would appear to be the most suitable location.
2. The proposed enlarged window on the front elevation would seemingly appear incongruous against the other existing windows on the front elevation. The submitted Heritage Statement doesn't provide sufficient evidence that there was a wider opening in this location historically. In the absence of such evidence the proposed enlarged window would appear awkward, especially as this is the most prominent elevation of the listed building.

Yours Sincerely

S. Dullaway (by email)
(on behalf of The Haslemere Society Planning Group)
