Dear Sir

Hatch Hill House (WA/2024/02156) - Comment

Having reviewed this application, we consider that the documentation supplied by the applicant does not provide a sufficiently detailed Heritage Statement, showing the age and significance of the existing garden room within the overall significance of the host building. Without this it is not possible to gauge an understanding of the heritage impacts. From the limited information provided, the existing garden room appears very contextual and may be an early/original element of the building (TBC). We would recommend that the applicant be asked to provide a thorough Heritage Statement.

Yours Sincerely

S. Dullaway (by email)  
(on behalf of The Haslemere Society Planning Group)
